Oops. Sorry about that – my computer filled out the name faster than I could type. This note is for Rick, not Cheryl.

Rick,

I'll be out of the office starting tomorrow through the rest of December. Will you be in the office if anything happens in the Wind River case? That is, if we get an opinion from the 10th Circuit? It seems like we're overdue for a decision.

Also, I'd like to have another update meeting before the transition. Would January 6, 12, or 13 work for you?

Rick,

I think this is the last version of your tribal assignments summary I have. Could you update it for me? I don't think it will be necessary to do this before we talk on Wednesday afternoon, but it may make the discussion more efficient if you can get to it by then. Thanks.

Mike,

Attached is an updated memorandum regarding my current tribal air projects for use in our 2:00 PM meeting. I didn't do it in TrackChanges, but can do so in the future if you think that will be useful. For now, please just generate a compare document comparing this version to the 3/3 version if you think that will be useful. I'll read the letter re Deer Park prior to our meeting.
